Are you currently a benefits-eligible Washington University employee? Yes _____ No _____

(If yes, you may be eligible for a 50% tuition discount IF the course you take is one of the summer intensive courses and IF you use vacation time to take the course. Otherwise, full tuition will be charged.)

Who will be responsible for paying your tuition? Self Employer Grant Funding Multiple

If you are not paying yourself, please provide contact information for the person responsible (business manager, etc.):

Name: _____ Department: _____

Email: _____

PLEASE NOTE: If you are getting tuition funding from either the Washington University employee tuition benefit, a Washington University department or from grant funding, there are additional forms you will need to complete in order to get coverage. Contact the Biostatistics Program Manager for further information. Enrollment in Biostatistics courses is at the discretion of the instructor. Priority is given to students enrolled in the full-time Master of Science in Biostatistics Program. If we are unable to accommodate your request for admission, you will be contacted prior to the start of classes.
